

Hawk EX500-EVAL Evaluation Unit

Info Sheet

The complete solution for your instrument housing needs to accelerate and reduce the cost of engineering efforts.

What's Included

ENCLOSURE

Hawk EX500-AL-W-07-BL

Aluminum explosion-proof instrument enclosure with a window cover, one 3/4" top/bottom conduit, and two 3/4" side conduits.

DISPLAY HOUSING

EA500-DisplayHousing1

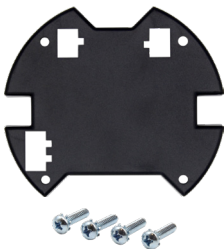

Accommodates a display PCB and one additional PCB, and easily mounts to the Hawk enclosure's built-in rails.

RAIL CAPS & SCREWS

**EA500-RailCaps and
EA500-RailScrews**

Make it easy to attach and remove our display housings without additional hardware.

BASE HOUSING & SCREWS

**EA500-BaseHousing3 and
EA500-BHScrews**

Accommodates components like batteries or relays on the base of the Hawk enclosure.

BOX

EP500-BOX

Heavy-duty, white corrugated box designed for the Hawk enclosure

AIR CUSHION SHEET

EP500-ACS

Sustainable packing option designed for the Hawk enclosure and box.
